

Step-by-Step Guide to Access **Azure Credit** for **Students**

1. Visit the Azure for Students Page

- Open your web browser and go to the [Azure for Students page](#).
- Locate and click the "Start free" or "Activate now" button.

2. Sign Up or Sign In

- Sign in with your Microsoft account. If you don't have one, click "Create one!" to set up a new account.
- Follow the prompts to complete the sign-in or sign-up process.

3. Verify Academic Status

- Provide a valid school email address (.edu or equivalent) for academic verification.
- If needed, upload additional proof of enrollment such as a student ID or registration letter.

4. Fill Out the Registration Form

- Enter your personal details, including name, birthdate, and contact information.
- Fill in your academic information, such as your institution's name and your expected graduation date.

5. Submit the Form

- Review all entered information to ensure its accuracy before submission.
- Click the "Submit" button to send your application for review.

6. Wait for Verification

- Microsoft will process your verification, which may take a few minutes to a few hours.
- Check your email regularly for any updates or further instructions from Microsoft.

7. Receive Azure Credits

- Upon successful verification, \$100 in Azure credits will be added to your account.
- You will receive a confirmation email notifying you of the added credits.

8. Explore Azure Services

- Log in to the Azure portal using your Microsoft account credentials.
- Begin exploring and utilizing various Azure services available to you.

9. Utilize Free Services

- Access additional free services offered as part of the Azure for Students program.
- Take advantage of these services to enhance your learning and project development.

Following these steps will help you successfully access and utilize Azure credits as a student.
